Dr. Caldwell's (Laxative) Syrup Pepsin

Out of the millions who have used the medicine, less than 100 have asked for their money back.

The manufacturers claim that the remedy will relieve any case of Indigestion; cure any case of Constipation; remove the cause of Sick Headache, Biliousness, Dizziness, Foul Breath, Sour Stomach and Flatulency; and dispel Colds, Fevers and all ills caused from bad digestion, torpid liver and sluggish bowels.

It contains herbs well known to the medical fraternity, such as Cascara Sagrada, Buchu, Senna and Sarsaparilla and PURE PEPSIN, with aromatics scientifically incorporated, and acting directly upon the stomach, kidneys, liver and bowels, it is the most pleasant and effective remedy ever used as a *laxative and digestive compound.*

The Great Merit of Pepsin.

The virtue and solvent powers of *pepsin* are increased many fold when combined with efficient plant drugs. It is the only *liquid laxative* pleasant to the taste that aids digestion and cures *habitual constipation.* For children

it is better than pills, oils or salts, as they like the flavor and enjoy the effects. The pepsin increases the digestive ferments of the stomach and its power to assimilate food, and when taken, in a short time a consciousness of strength is the delightful consequence. With a bottle of Dr. Caldwell's Syrup Pepsin in the house, you have a sure specific for many stomach troubles that arise from over eating or bad eating, and a short trial will add your name to the rapidly increasing number of its warm friends.

Dr. Caldwell's Syrup Pepsin is put up in 50c and \$1.00 sizes, which are *full-size packages.* There are no panels in the bottles—you get full measure. It is more economical and convenient to buy the large size, which contains 2½ times as much as the 50c size. *It keeps sweet and fresh in any climate.*

A Chicago Business Woman Indorses Syrup Pepsin.

The most successful woman underwriter of insurance in Chicago is Miss Dora Jones, who has secured thousands of dollars' worth of business for the Mutual Life Insurance Co. of New York. As one of the busiest women in Chicago, her letter will prove very interesting to her many friends and business acquaintances. She writes:
PEPSIN SYRUP CO., Monticello, Ill.:
Gentlemen:—A person engaged in active business life is apt to become careless in regard to eating at regular hours. I found that after my lunch activity in the rush of city life, I began to feel irregular regarding my meals, often eating my heaviest meal late at night, after the hurry of the day was over.
I soon found myself suffering from dyspepsia, which gave me many an unpleasant hour. As my health had always been perfect before, I could hardly realize that I needed attention as a sick woman. I was advised to use Dr. Caldwell's Syrup Pepsin by one of my colleagues, and I went for a bottle, waiting to give it a trial. I am pleased to say that I found it a most efficacious remedy. Within six weeks I was well once more and heartily indorse your medicine for stomach troubles.
